

FASTMD Racing Steps Up to IMPC GS Class With The Duo of Vance and Papadopoulos

December 3, 2020 – FASTMD Racing will mount a full-season championship attack on the GS class in IMSA Michelin Pilot Challenge next year utilizing the Audi R8 GT4 platform. The young and dynamic duo of James Vance and Alexandre Papadopoulos will take the helm for FASTMD Racing for the next two seasons of IMSA Michelin Pilot Challenge GS Competition.

FASTMD Racing enters its 3rd year of Professional IMSA Competition. Led by FASTMD owner / Chief surgeon Dr. Farhan Siddiqi and CEO Dr. Jay Wijnmaalen who have an amazing vision for this program, and that is to win whilst creating viable ways for companies to save money on their corporate healthcare costs. Dr. Siddiqi stated "We are excited to continue growing with our motorsports family. We continue to bring FASTMD Healthcare Solutions to the many corporate partners in the paddock helping them provide cost effective medical care to their employees and their families. We look forward to an exciting new season of Audi R8 GT4 LMS racing chasing down the front runners in our first Grand Sport season. We welcome our new driver, Alex Papadopoulos, to our FASTMD family as well as a seasoned lead engineer with Audi GT3 / Open wheel experience, Remi Lanteigne. Our strong core group including our lead driver, James Vance and our dedicated crew are ready to bring a new season of excitement to our racing fans and customers."

Coming on board with FASTMD Racing for the next two seasons is up and coming star Alexandre Papadopoulos (Houston, TX). After competing in IMSA TCR for the past two seasons before stepping away to focus on running as many different cars as possible for the last half of 2020, Alex is coming in ready for a full GS campaign. "I am extremely excited and looking forward to racing with FASTMD Racing. I believe in the team and the program they are putting together." Said Papadopoulos. He added "Competing for the 2021 GS driver's championship will be a huge challenge as it is one of the most competitive categories in motorsport. With that said, James and I are going in with extreme confidence as a pairing because we have the right chemistry and talent to challenge anyone for the driver's championship."

Back with the program since its inception, James Vance (Saint Petersburg, FL) will take the wheel alongside Alex for his third year of competition with FASTMD Racing. "I could not be more excited to be back with FASTMD Racing for year 3! What an incredible opportunity to step up with this incredible group of guys. Seeing the work that has been put in during this short offseason has been admirable and I am so proud to be a part of such an amazing initiative. Alex is an up and coming SUPERSTAR and I know that we will be a force to be reckoned with next year!" Vance said. He added "Stepping up to GS is exciting of course. It brings with it a lot of challenges but we are ready to tackle those challenges head on and put our best foot forward. Alex has developed so far as a driver and I am so impressed with where he is at and his level of growth! We cannot thank Dr. Farhan Siddiqi and his team enough for believing in us to represent the brand on the international pro stage!"

FASTMD Racing is proud to represent Audi and continue the teams already successful relationship with the brand. Alex stated "I was in disbelief that I would be racing with Audi entering GS. Audi is a proven manufacturer with a strong presence in motorsports and I am 100% committed to building upon their success and achieving the best results possible." Vance added "Being back with Audi is incredible. I have been involved with Audi for about 5 years now and I take such pride in representing such an amazing brand on the international stage. I look forward to FASTMD Racing, Alex and myself attaining great success on track!"

Heading into the 2021 season FASTMD Racing sees the addition of Remi Lanteigne (Montreal, Canada) heading the engineering effort of the GS push. Bringing with him a depth of knowledge from the Audi Sport customer racing side as well as 25+ years of industry experience! Remi Said "I am quite impressed with the vision and determination to win. This environment is what we all strive for in a team. I want to make sure that FASTMD Racing and all their partners get to accomplish their goals they set in the years to come. Lets go Racing!"

The team has offseason testing planned between now and the race in Daytona. We look forward to seeing you all at Daytona January 22nd to January 24th, 2021 with our new Audi R8 GT4 and our incredible crew to tackle round 1!

About FASTMD Healthcare Solutions:

At FASTMD-HS:

- We work with our partner program Surgery Plus from Employer Direct Healthcare to provide a point solution for surgical services to self insured companies across the country with savings in the 50% range while avoiding employee deductibles and co-pays.
