

MAX FAULKNER TEAMS WITH FASTMD FOR 2020 IMSA PILOT CHALLENGE SEASON.

FastMD Racing is proud to announce Max Faulkner to the 2020 driver line. Faulkner will partner with James Vance in the number 23 FastMD Healthcare Solutions Audi RS 3 LMS TCR.

"I'm extremely excited to be joining the FastMD by Syndicate Racing team for the 2020 season", says Faulkner. "The team has proven themselves a winning team and a team that is capable of providing a car that is fast enough to battle for wins and podiums time and again and I'm looking forward to being a part of that and continuing their success.

FAULKNER'S THOUGHTS ON TEAMING WITH CO-DRIVER JAMES VANCE FOR THE 2020 SEASON:

"Vance a proven driver and a friend who I'm sure I will be able to have good chemistry with throughout the season to continue moving this team in the right direction to get ourselves podiums, wins, and championships! I can't wait for Daytona to get the season started!"

Last season Max Faulkner competed in the TCR category for the first time and captured a second-place result at Candian Tire Motorsports Park. This is the second full season for the FastMD Racing number 23 Audi RS 3 TCR. The car is affectionately known as "Violet".
